## **Country Profile Package**

Dear Friends,

Using these stand-alone videos and optional accompanying materials we want to give a brief overview of the country being presented (history, religion, culture, challenges, etc.). We also want to tell the story of what is being done to bring a gospel message of Jesus Christ to that country through Word & Deed partners.

The optional material has questions that will come directly off of the video and some questions that are meant for further investigation or personal reflection (you pick only the questions you want to use). There is a separate answer key for teachers. We have supplied at least one article for further study on a topic mentioned in the video and an article from a Word & Deed perspective (this article may have a couple of questions at the end of it). Finally, we have included a reference page for even deeper investigation.

We pray that you and the students will be blessed by what is learned for the glory of the Lord!

In Christ's Service,

*The Word & Deed Team*
